# Ali Fouanne

Software Engineer | Front-end Developer | React Developer

Homs , Homs Governorate , Syrian Arab Republic

## Summary

A dedicated and skilled Software Engineer with a passion for Front-end development.

With 2 years of professional experience, I have honed my expertise in React JS, Next JS, and TypeScript.

My strong foundation in front-end technologies allows me to deliver high-quality and responsive web applications.

I am well-versed in implementing efficient and scalable code structures, optimizing performance, and ensuring cross-browser compatibility.
